Re: Gold Signature Re-certification - Hammock Bay Golf and Country Club

Dear Mr. Jacobsen:

It is with great pleasure that I inform you that **Hammock Bay Golf and Country Club** located in Marco, Florida has been officially re-certified as a **Certified Gold Audubon International Signature Sustainable Development**.

During the re-certification site review, it was noted that the golf course and residential community not only continues to provide a challenging golf experience, but that the diverse natural areas serve as habitat for many species of resident and migratory wildlife. It is our opinion that **Hammock Bay Golf and Country Club** continues to be managed according to the environmental principles and guidelines of Audubon International's Signature Program.

Congratulations on the re-certification!

Sincerely,

A handwritten signature in black ink, appearing to read "Nancy E. Richardson".

Nancy E. Richardson, Director
